

Hello,

This is the introduction to my interview portfolio. This portfolio contains work done by myself during my student teaching placement. For the first 8 weeks of my student teaching I was fortunate enough to be placed at Birch Grove Primary School. This was a rural placement in Tolland, Connecticut where I had an amazing experience teaching students in grades Pre-K through 2. The second 8 weeks of my student teaching placement I had the privilege of teaching at Norwich Free Academy. This placement was where I experienced teaching high school students' grades 9 through 12. NFA is an urban high school with over 2,000 students in attendance.

Inside this portfolio you will find professional materials, which includes a resume cover letter and other credentials, planning and reflecting which contains a unit plan with one lesson plan and reflection, as well as an analysis of student learning. You will find these documents for each placement. I hope you find all of my work as an insight into my student teaching experience. If you would like to see more of my work then you can log onto my website at <http://mjr213.wix.com/mikes-pe-web-site> or feel free to email me at radlbeckm@my.easternct.edu and thank you for your time.

Mike Radlbeck
