Dear Administrator:

I'm writing to you to express my interest to teach Health and Physical Education in your school district. Currently I attend Eastern Connecticut State University while I complete my student teaching. I am a passionate student, who is looking for the opportunity to turn his passion into a career with the help of a strong team of educators.

As a student who has taken every opportunity to better myself, I look at securing employment in the same light. I will bring my passion and readiness to teach to the class every day. I have also had the opportunity to work as the tutor in the Academic Services Center for the Applied Anatomy and Physiology courses. Through this opportunity I am now a certified tutor by the state of Connecticut. This experience allowed me the chance to better my understanding of how students learn best and practice my teaching skills with individuals and small groups. While learning the content to a greater extent myself, I am also fortunate enough to help others succeed in the class room at the same time.

Thank you for taking the time to review my application. I hope to hear from you and I look forward to the opportunity to apply the skills and knowledge I have worked hard to acquire through my classes, clinical experiences and volunteer work.

Sincerely,

Mike Radlbeck
